# PREFACE

In the contemporary times forestry sector is at the crossroads. It has assumed centre stage with positioning of not only non tangible benefits like timber, fuelwood, fodder, medicinal plants etc. but also other significant intangibles like clean air, water, soil protection, aesthetics, temperature regulation etc. In the current Corona pandemic times, the civil society has appreciated these life-sustaining values of wilderness.

Forestry, in a holistic view, is an integration of various disciplines relying on scientific principles and traditional wisdom. Managing the forests not only includes management of trees and stands, but also other flora and fauna in varied ecosystems and human beings either living inside the forest ecosystem or on forest fringe areas.

The Directorate of Forest Education's primary mandate is to conduct induction and in-service training for State Forest Service Officers / Forest Range Officers and also to support in-service training for

Forest Frontline Staff including Deputy Rangers, Foresters and Forest Guards. The Directorate plays a crucial role in keeping the forest management of our country upto date and modern through ever evolving modules and syllabus training.

The Government of India through this Directorate supplements the efforts of State Governments for capacity building of the Frontline Forest Staff including Deputy Rangers, Foresters and Forest Guards by providing funds to organise one week short-term training courses for the concerned State Forest Department. This Directorate has got such courses organised in almost every State of the country and there has been wide spread appreciation of the same.

The Director's Report 2021-2022 of the Directorate of Forest Education is a compilation of all the activities of the Directorate and its constituent Academies during the year 2021-2022.

(DIRECTOR FOREST EDUCATION)

# DIRECTORATE OF FOREST EDUCATION

The post of Director Forest Education was created in the year 1953 to assist the President, Forest Research Institute and colleges and was responsible for professional and technical trainings and education in the country. Subsequent to re-organization of forestry research, education and training institutions in 1987, the erstwhile Indian Forest College got upgraded to Indira Gandhi National Forest Academy. Indian Council of Forestry Research and Education was created as an autonomous body under the Ministry of Environment, Forest and Climate Change (MoEF&CC) to organize, direct and manage research in forest sector at national level.

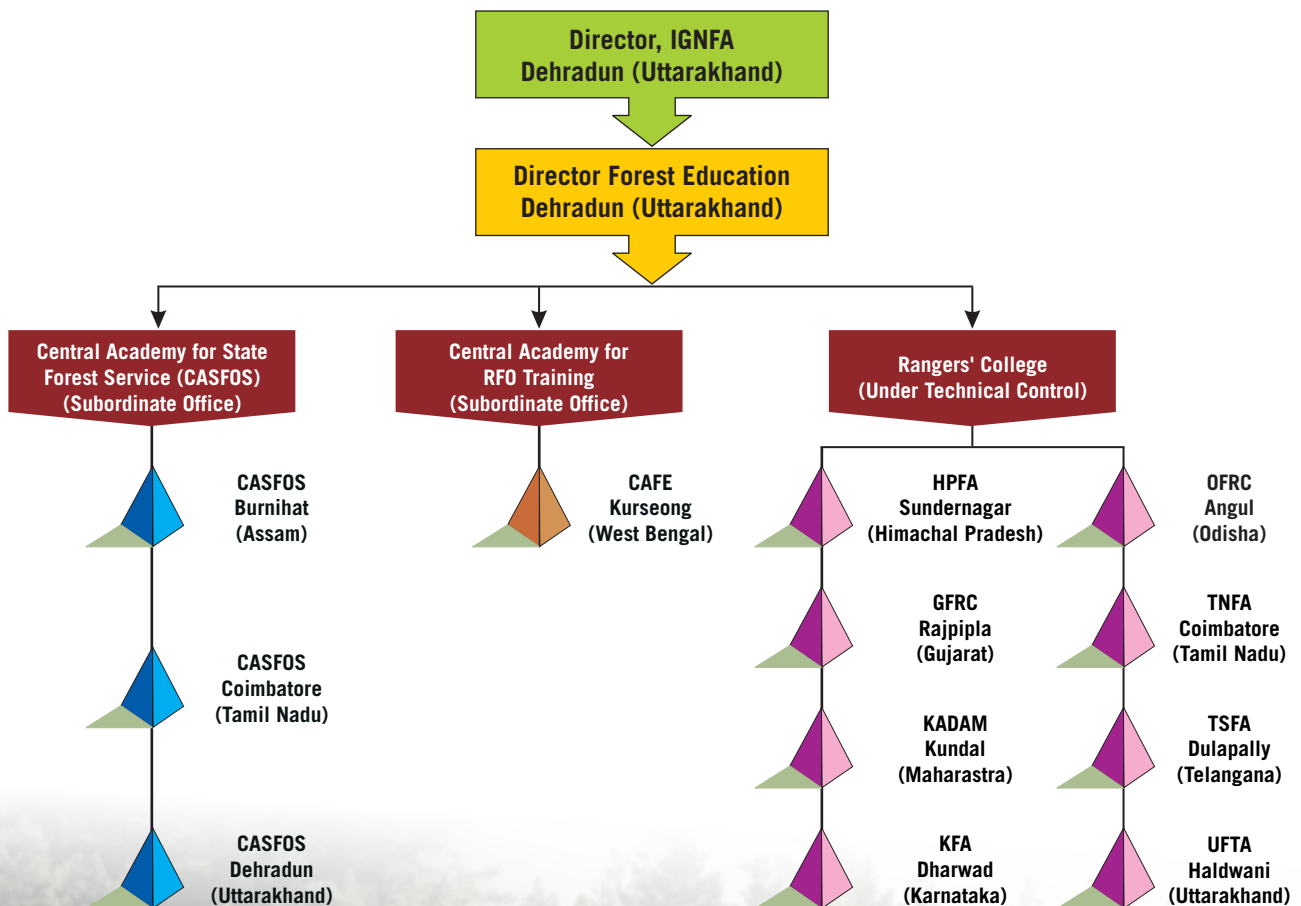

The Directorate of Forest Education was separated as an independent organization under the

direct control of MoEF&CC for the training of State Forest Service (SFS) officers and Forest Range Officers (FRO). The Directorate of Forest Education has been brought under the administrative control of Director, IGNFA w.e.f. 01.03.2022. The Directorate also supplements the efforts of the state governments for the training of Frontline Forest Staff including Deputy Rangers, Foresters and Forest Guards.

### The main mandate of the Directorate of Forest Education are:

- To cater to the training needs of the SFS Officers and RFOs of States and Union Territories in the country.
- To ensure standard and quality of training being imparted to the forestry personnel other than Indian Forest Service.

### ORGANOGRAM OF DIRECTORATE OF FOREST EDUCATION

- To augment training capacity and facility for the Frontline Forest Staff (Forest Guards, Foresters, Deputy Rangers and Range Officers).
- To assist in developing appropriate and relevant training contents and evaluation standards for forestry training at all levels below IFS.
- To help States assess training needs of forestry personnel.
- To assist in the development of training policy for forestry personnel.

Presently the Directorate has administrative and technical control over three Central Academies for State Forest Service, at Dehradun (Uttarakhand), Coimbatore (Tamil Nadu) and

Burnihat (Assam) and one Central Academy of Forest Education (CAFE) at Kurseong (West Bengal).

The Directorate also exercises, technical control over all the State run Rangers colleges in the country. All these academies, colleges, institutes and schools undertake the activities concerning induction and in-service training of SFS officers and FROs and short term general refresher courses, theme based courses of one week duration for in-service SFS officers and FROs as per their respective mandate.

The Directorate of Forest Education is headed by the Director Forest Education; a senior officer from the Indian Forest Service. The Directorate has had illustrious members of the service heading it over a period of eight decades.

Following the re-organization of Forest Research Institute and Colleges and creation of Indian Council of Forestry Research and Education (ICFRE) as an autonomous organization, the Directorate of Forest Education was de-linked from the Forest Research Institute and Colleges. It has since then functioned directly under the Ministry of Environment, Forest and Climate Change.

To cater to the increasing demand of the state forest departments and central forestry organization for trained officers, three State Forest Service colleges were established by the Central Government at Burhihat (Assam) in 1976, Coimbatore (Tamil Nadu) in 1980 and Dehradun (Uttarakhand) in 1981 for imparting training to the State Forest Service officers of two years duration.

The academies impart professional induction training to newly recruited State Forest Service officers and Forest Range Officers from various states, and offers in-service training to the State Forest Service officers of DCF, ACF, FRO and Deputy FRO ranks.

### **Central Academy for State Forest Service (CASFOS), Burnihat, Assam**

Established in the year 1976, CASFOS, Burnihat has the distinction of being the first academy for

SFS / ACF Officers in the country. The academy is spread in an area of about 23 ha with offices and most infrastructure facilities located in the Assam side of campus. However, residential quarters for staff and officers are located in the Meghalaya side where NH 40 divides the academy land into two parts. This academy has provided induction training to 568 ACF / SFS officers in 18 batches. The academy started training for FROs from the year 2000 and since then 491 Range Forest Officers in 18 batches have passed out from this academy as on date.

### **Central Academy for State Forest Service (CASFOS), Coimbatore, Tamil Nadu**

Established in 1980, CASFOS, Coimbatore is located in the picturesque forest campus at R.S. Puram in the city of Coimbatore, Tamil Nadu. The academy is spread in an area of about 20 ha situated at a distance of 5 km from the Coimbatore railway station and 22 km from Coimbatore international airport. The academy shares the space of the exquisite forest campus along with two more premier forestry institutions viz., Tamil Nadu Forest Academy (TNFA) and Institute of Forest Genetics and Tree Breeding (IFGTB), one of the leading research institutes under Indian Council of Forest Research and Education. This campus also houses the famous 'Gass Museum.' Salim Ali

*CASFOS, Coimbatore (Tamil Nadu)*

Centre for Ornithology and National History (SACON) is another neighboring institution situated at a distance of 25 kms.

Academy has provided induction training to 879 SFS officers in 26 batches. The Academy started training for FROs from the year 2000 and since then 369 Range Officers in 13 batches have passed out from this academy as on date.

**Central Academy for State Forest Service (CASFOS), Dehradun, Uttarakhand**

Established in 1981, the CASFOS, Dehradun is located in the beautiful new forest campus in Dehradun which is also the cradle of forestry education and training in India. The academy is spread in an area of about 16 ha. The academy has the privilege of having in its neighbourhood

in the new forest campus, other premier institutions like Indira Gandhi National Forest Academy (IGNFA), Indian Council for Forestry Research and Education (ICFRE), Forest Research Institute (FRI), FRI University, Forest Survey of India (FSI) and Wildlife Institute of India (WII) which enhance the learning environment for the officer trainees with increased opportunities for interaction with serving many IFS officers, Probationers from IGNFA, Scientists and Researchers from ICFRE and FRI.

Academy has provided induction training to 1159 SFS officers in 33 batches. The academy has trained only one batch of Forest Range officers in the year 2006-2007, 37 FROs have passed out from this academy as on date.

*CASFOS, Dehradun (Uttarakhand)*

**Central Academy of Forest Education (CAFE), Kurseong, West Bengal**

Established in 1974, the CAFE is the only forest training institution under Government of India exclusively to train Forest Range Officers. The academy is housed in a huge colonial period building and situated on picturesque Saint Mary's Hill in Kurseong sub-division of Darjeeling district, West Bengal. The academy building has three storey with basement and attic. The floor area of the building is 0.55 ha. The building has 121 rooms which houses office, principal's and faculty chambers, class-

rooms, conference room, engineering hall, library, hostel, mess, kitchen, bathrooms etc. The land area of the institute is about 12 ha, in which one no type - I quarter, two no's type - IV quarters, two no's type - III quarters, one glass house, one football ground, one basketball court, one tennis court and one badminton court are also present besides the main academy building.

Academy has provided induction training to 1621 Forest Range Officers in 28 batches have passed out from this academy as on date.

*CAFE, Kurseong (West Bengal)*

**Himachal Pradesh Forest Academy (HPFA),  
Sundernagar, Himachal Pradesh**

The erstwhile Forestry Training Institute and Rangers College (FTI&RC), Sundernagar, Himachal Pradesh, has been upgraded to Himachal Pradesh Forest Academy (HPFA), conducts induction training of Forest Guards and Range Forest Officers and refresher courses to in-service forest personnel. The institute started training Forest Guards in 1994. In the year 2012, the institute was empanelled for conducting 18 months certificate course for Range Forest Officers through DFE, Dehradun and 4 batches comprising of 135 RFOs have passed out since then. Besides the regular training courses, tailor made refresher training courses on forestry and wildlife related subjects for serving forest frontline staff, ministerial staff and officers of different rank are conducted.

HPFA, Sundernagar is situated at an altitude of about 1000 meters above the mean sea level

near Van Chetana Kendra DPF Trambari Karnody. It covers an area of 1.2 ha and is about 6 kms from Sundernagar bus stand on National Highway-21 (Chandigarh-Manali Highway).

**Gujarat Forest Rangers College (GFRC),  
Rajpipla, Gujarat**

Gujarat Forest Rangers College has been established in 1979 with an objective of training Range Forest Officers from different states of the country. This college is in a campus known as Vadia Palace presently in Rajpipla, dist. Narmada, Gujarat. The palace was built by the then King of Rajpipla Late Shri Vijaysinhji Gohil. After independence, this property was sold to Govt. of Bombay, which subsequently became Govt. of Gujarat after 1960. The total area of this campus is 56.08 ha.

The first batch of Range Forest Officer trainees underwent the basic training during 1979-81 with strength of 31 trainees and subsequent

### **General Refresher Course**

The general refresher course is designed in a way to refresh the professional skills of the in-service officers and also to help them keep abreast of the sector at all levels, including regional, national and international issues like protected area management, bio-diversity conservation, global warming etc. in forestry and related disciplines. This one week course is organized for promoted officers of SFS and FRO cadres.

### **Legal Issues in Forestry and Wildlife**

The ever increasing population is bringing pressure on space and resources of mega-cities. The smaller towns have also started feeling the pinch. The forest, its resources and wildlife are no exception to this phenomenon. Often, violation of various provisions of acts, rules and regulations governing forest, protected areas, wildlife, etc. are seen and they are showing an increasing trend. Apart from prevention and early detection of various forest and wildlife offences, it is also imperative to achieve the maximum penalty on the offenders. Ultimately, effective prosecution of offenses in present and as in the past, is the biggest deterrent for future offenders. This scenario is throwing open a challenge before the personnel manning the forests and wildlife to upgrade and update their legal knowledge and acumen. These aspects including knowledge, skills and right interpretation of extant acts, rules and procedures have been kept in view while preparing this course.

### **Training of Trainers**

There is an ever-emerging challenge of capacity building of the trainers who join the state forest training institutes from organization postings. It is proposed to respond to this need of training of trainers with a systematic approach to training which has been spearheaded by the Department of Personnel and Training of the Government of India, for more than two decades now. The success of training depends upon identifi-

cation of training needs to make it demand-driven, scientifically design suitable demands of change, deliver effectively with learner centered approach and monitor / evaluate for further value addition. In addition mentoring and facilitation has become an integral part of functioning. All these aspects and latest trends in training have been kept in view while preparing this course.

### **Human Resource Management**

For achieving effective management of the forest resources one of the important issues to be analyzed is existing human resource capabilities and how to build upon them. The performance in forest departments of the states depends on the collective contributions of all the officers / officials. The approach for capacity building of the forestry personnel for protection, conservation and sustainable management of forest resources, using appropriate technology at the same time developing an attitude of working with the stakeholders, is required to be institutionalized. It involves judicious use of authority and keeping the workforce motivated for the effective management of resources.

### **Wildlife Management**

The ever increasing human population is mounting pressure on natural resources including forest and wildlife since long. It is of paramount importance to conserve and sustain the wildlife for the existence of mankind. Though it is very difficult to envisage co-existence of man and animal in present socio-economic human controlled environment, but the exclusive domain of wildlife can be maintained in these natural ecosystems.

### **Biodiversity Conservation for Sustainable Livelihood**

The importance of the social dimension of forestry in today's world need not be overtly emphasized. With human population exploding across the globe, the pressure on forests for

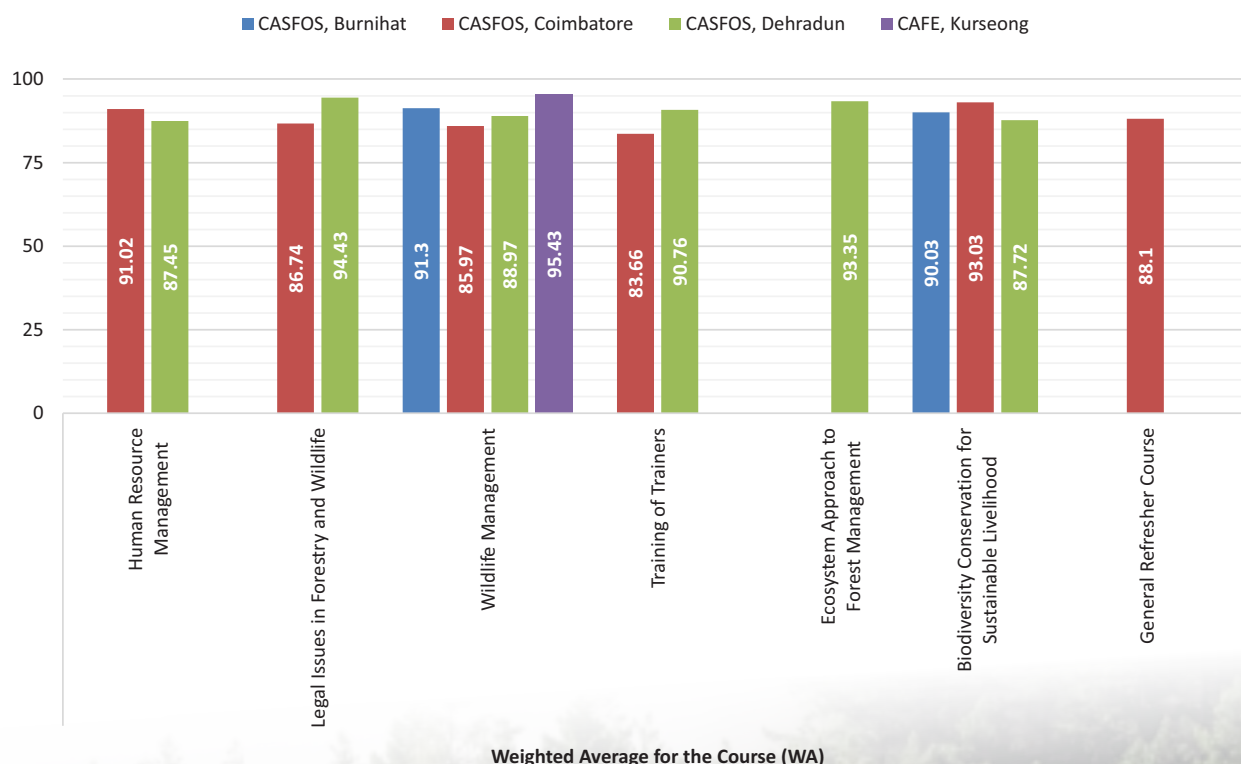

meeting the needs of fuel wood, fodder, timber has proportionately expanded. The stresses on natural ecosystems due to anthropogenic pressure have assumed dimensions of war not struggle for survival for the natural ecosystems and its myriad inhabitants. A recognition of the

human dimension of forestry led to the implementation of Social and community forestry programmes in the 1970s and 1980s. A further recognition of the people's rights on forests and their role in forestry came in the form of Joint Forest Management (JFM) resolution in 1991.

### Training of Frontline Staff at SFTIs

The Government of India supplements the efforts of State Governments for capacity building of the Frontline Forest Staff (Deputy Rangers / Foresters / Forest Guards) by providing funds to organize short-term training courses of one week duration each, for a group of 25-30 participants of the concerned State Forest Department where the course is organized. The

State Forest Department provides the infrastructure facilities (e.g. lecture hall, hostel accommodation etc.) and the resource persons to organize these courses. The total duration of the course should be for 6 days (4 sessions / day), out of which 1 day may be devoted to field tours / excursions exercise. A total of ₹ 4,08,638/- was provided as assistance to various States for conducting of 16 courses benefitting 452 Frontline Staff of eight State.
