**Suggestion highlighting the areas of improvement in the Course for future by Course Director**

Officers from Judiciary could not participate in the training program as Judicial Officers would not be made available for trainings during working days for District Judiciary. Hence, a specialized orientation program for Judicial Officers during vacation time for District Judiciary may be planned in future.

Further, to ensure representation from different States, a communication from the Ministry addressed to Chief Secretaries of all States/UTs may be sent regarding the training which may be followed up by the Concerned Training Organizations.

**Course Director**

12

**Comments of the Institution on how the feedback is proposed to be recycled into future programmes in terms of course content, methodology, etc.**

The overall feedback is positive and very good. Some more sessions (or one more day) could have given much more input. The judiciary is not allowed to participate in any training programme during working days. We have to conduct two days module separately. This training programme should continue regularly to expose various forest and wildlife laws to the Revenue and Police Department for better Coordination.
