9.7	<b>Weighted Average</b> (Please attach summary as Appendix-II.)	The Weighted Average of the course has been given a rating of <b>86.29</b> .
10	<b>General remarks of the Course Director on the nature and extent of participant's involvement in the course including attendance punctuality and interest evinced</b>	The training programme has been designed to provide highest exposure to the participants through the training comprised of both class room teaching, field visits coupled with maximum interaction within the participant group and also interaction with the experts from the field. The course was attended by all the participants with full attendance. The inputs and exposure given during the training programme was well appreciated by the participants.

11	<b>Suggestion highlighting the areas of improvement in the Course for future by Course Director</b>	As the training for the Technical Cadre officers was given for the first time after their recruitment, many basic course and relevant field trips were included in the training module to provide overall idea about the working of forest department in the field. Due to large number of sessions and field visits, the trainees might have felt that the course was bit hectic. It is suggested that such type of training may be imparted for Technical Cadre officers on regular intervals.

**Course Director**

12	<b>Comments of the Institution on how the feedback is proposed to be recycled into future programmes in terms of course content, methodology, etc.</b>	It is a first time attempt to impart basic of Forestry and Wildlife to the technical Cadre of Ministry. The Feedback was good. However in future much more theme based courses may be conducted to Technical Cadre to keep them informed about the issues in the field to synchronize the field and policy levels.

1	<ol style="list-style-type: none"> <li>Overall it was a great week of learning; this training was informative, inclusive and instructive; linking our minds with new ideas, possibilities and unforeseen circumstances. Emphasis should be given to practical/field implementation models with success stories.</li> <li>Human Resource development by means of imparting stress management shall be restricted to the level of expertization followed by practical implication in resource oriented centres.</li> </ol>	1	Noted for compliance in future.
2	<ol style="list-style-type: none"> <li>It was a great experience of learning and field exposure and I also revised as my own subject after 12 years.</li> <li>Field exposure and case studies are good and too informative. So the field exposure should be more emphasis on that.</li> </ol>	1	Noted for compliance in future.
3	<ol style="list-style-type: none"> <li>HRD session may be deleted or may be conducted on some of meditation centres.</li> <li>Interactive sessions with case studies as done by Shri V. Karthick, IFS may be included more in future course.</li> <li>Journey was fit hectic; this may be taken care in future course.</li> </ol>	1	Noted for compliance in future.
4	<ol style="list-style-type: none"> <li>Field visits may be combined. Similar presentations and lectures may be clubbed for better follow-up.</li> </ol>	1	Noted for compliance in future.
5	<ol style="list-style-type: none"> <li>Training may be organized for one week duration.</li> <li>TANTEA factory it would be good to visit TANTEA factory when it is in operation.</li> <li>Visit to Coimbatore district, Agro Forestry was very far and so field</li> </ol>	1	Noted for compliance in future.

	<p>visit may be arranged in such a manner that it could be arranged in time.</p> <p>4. Mudumalai MTR field visit was very hectic it should be arranged nicely.</p> <p>5. Comfortable vehicle for long journey should be arranged.</p> <p>6. Lecturers and field visit should not be kept together in same day.</p>		
6	<p>1. We have visited the Barlikadu Eco tourism activity carried out by the Forest and local tribal. The activities are done only on Saturday and Sunday. We have visited in week days, It was great learning if it would happened on Saturday and Sunday for knowing the better experience of the visitors and to also see how the local tribals to handle the visitors.</p> <p>2. The journey to Mudhumalai was very hectic it would be better it one activity held on one day.</p> <p>3. It may be advised to the trainees to about the climate of the places which are going to be visited so that they will be prepared.</p>	1	Noted for compliance in future.
7	<p>1. The Schedule of the training course i.e. in terms of timings may be kept in such a manner that extensive travelling may be avoided/reduced.</p> <p>2. The course may be more fruitful if any one day is kept for theoretical and practical training on only one topic.</p>	1	Noted for compliance in future.
8	<p>1. As working in the Ministry earlier I have only less knowledge about the field. I have learnt a lot from this training about the field condition, monitoring and Eco tourism and how agro forestry is working in the country, their scopes and where they are lacking behind.</p> <p>2. I also learnt from the field officers about the ground reality and their experiences in post.</p> <p>3. Further, I wish to make a humble suggestion to make the course some flexible and less tour/classes.</p>	1	Noted for compliance in future.
9	<p>1. Needs to evaluate the course with more accurate time management so that participants may get some time to relax.</p>	1	Noted for compliance in future.

Weighted Average calculation

For calculation of numerical value of feedback, each factor is valued as percentage value to the top grade given to the factor. If no answer is provided, it is excluded from calculation. (cf; where number of grade is 4, percentage value be 100, 75, 50, 25). Average of numerical value of factors consisting of the element is a numerical value of the element.
