Preface

Forestry, in a holistic view, is an integration of various disciplines relying on scientific principles and traditional wisdom. Managing the forests not only includes management of trees and stands, but also other flora and fauna in varied ecosystems and human beings either living inside the forest ecosystem or on forest fringe areas.

The Directorate of Forest Education's primary mandate is to conduct induction and in-service training for SFS Officers / FROs and also to support in-service training for Forest Frontline Staff (Dy. Rangers / Foresters / Forest Guards). Thus, the Directorate plays a crucial role in keeping the forest management of our country up to date and modern through training management.

The Government of India through this Directorate supplements the efforts of State Governments for capacity building of the Frontline Forest Staff (Deputy Rangers / Foresters / Forest Guards) by providing funds to organise short-term training courses of the concerned State Forest Department. This Directorate has got such courses organised in almost every state of the country and there has been wide spread appreciation of the same.

The Director's Report - 2019 of the DFE is a compilation of all the activities of the Directorate and its constituent Academies during the year 2018-2019.

Directorate of Forest Education

01

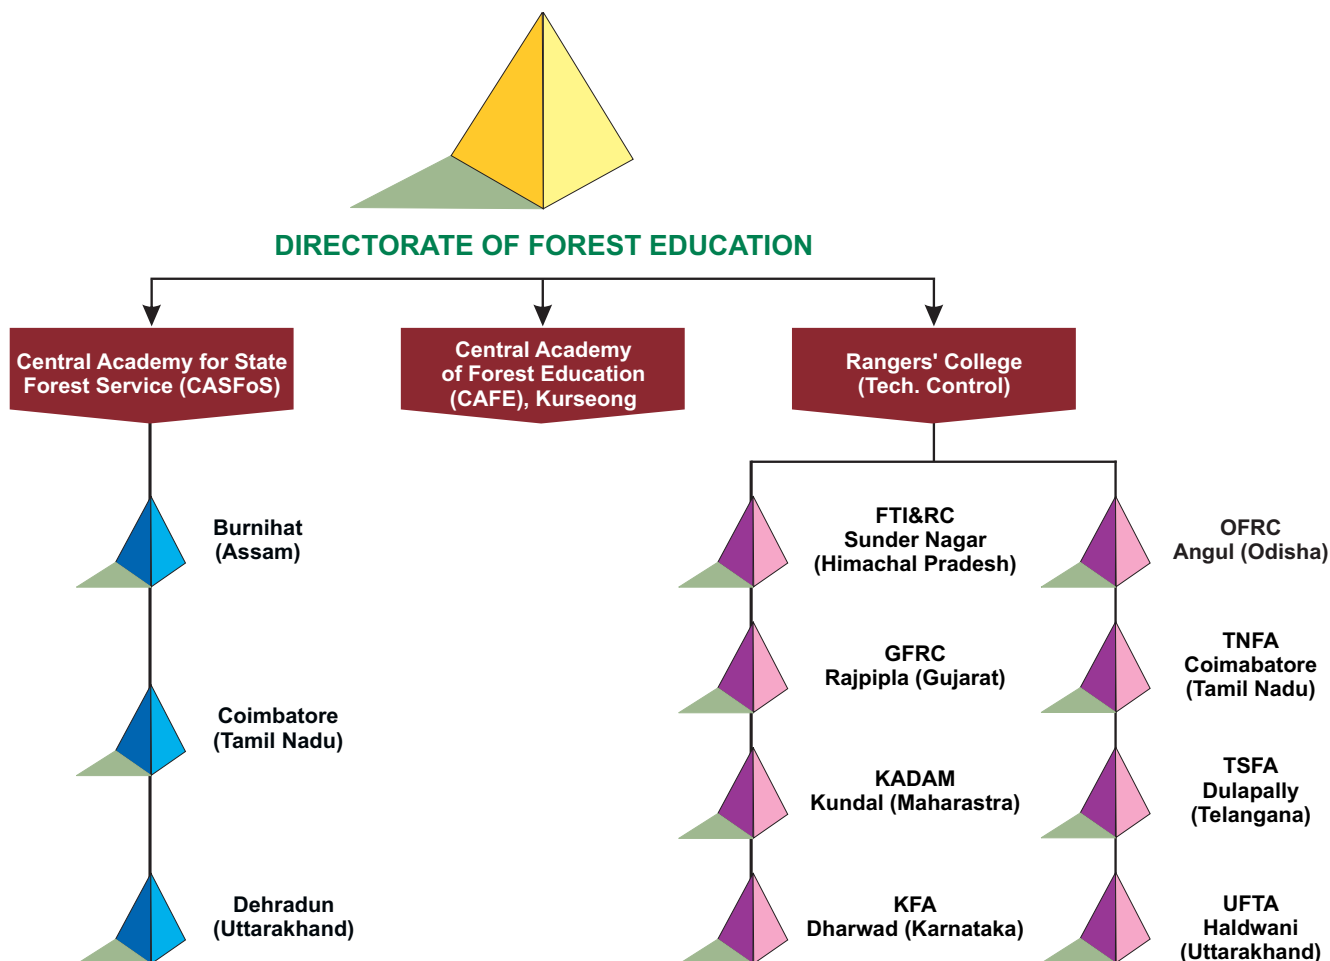

CHAPTER

The post of Director Forest Education was created in the year 1953 to assist the President, Forest Research Institute and Colleges and was responsible for professional and technical training/education in the country. Subsequent to re-organization of Forestry Research, Education and Training Institutions in 1987, the erstwhile Indian Forest College got upgraded to Indira Gandhi National Forest Academy. Indian Council of

Forestry Research and Education was created as an autonomous body under the Ministry of Environment, Forest and Climate Change (MoEF&CC) to organize, direct and manage research in Forest Sector at National Level.

The Directorate of Forest Education was separated as an independent organization under the direct control of MoEF&CC for the training of State Forest Service officers

and Forest Range Officers. The Directorate also supplements the efforts of the State Governments for the training of Frontline Forest Staff (Deputy Rangers, Foresters and Forest Guards).

The main mandate of the Directorate of Forest Education are:

- To cater to the training needs of the SFS Officers and RFOs of States/Union Territories in the country.
- To ensure 'Standard and Quality' of Training being imparted to the Forestry personnel other than Indian Forest Service.
- To augment training 'Capacity and Facility' for the Frontline Forest Staff (Forest Guards, Foresters, Deputy Rangers and Range Officers).
- To assist in developing appropriate and relevant training contents and evaluation standards for forestry training at all levels below IFS.
- To help States assess training needs of forestry personnel.
- To assist in the development of training policy for forestry personnel.

Presently the Directorate directly controls three Central Academies for State Forest Service, at Dehradun (Uttarakhand), Coimbatore (Tamil Nadu) and Burnihat (Assam) and one Central Academy of Forest Education (CAFE) at Kurseong (West Bengal).

The Directorate also exercises, technical control over all the State run Rangers Colleges in the country. All these Academies/Colleges/Institutes/Schools undertake the activities concerning induction and in-service training of SFS Officers and FROs and short term General Refresher Courses, Theme Based Courses of two week duration, One week workshop for in-service SFS Officers and FROs as per their respective mandate.

The Directorate of Forest Education is headed by the Director Forest Education; a senior officer from the Indian Forest Service. The Directorate has had illustrious members of the service heading it.

Institutions under the Directorate

Following the re-organization of Forest Research Institute and Colleges and creation of Indian Council of Forestry Research and Education (ICFRE) as an autonomous organization, the Directorate of Forest Education was de-linked from the Forest Research Institute and Colleges. It has since then functioned directly under the Ministry of Environment, Forest and Climate Change.

To cater to the increasing demand of the State Forest Departments and Central forestry organization for trained Officers, three State Forest Service Colleges were established by the Central Government at Burnihat (Assam) in 1976, Coimbatore (Tamil Nadu) in 1980 and Dehradun (Uttarakhand) in 1981 for imparting training to the State Forest Service Officers of two years duration.

Central Academy for State Forest Service (CASFoS), Burnihat

Established in the year 1976, CASFoS, Burnihat has the distinction of being the first Academy for SFS / ACF officers in the country. The Academy is spread in an area of about 23 hectares with offices and most infrastructure facilities located in the Assam side of campus. However

residential quarters for staff and officers are located in the Meghalaya side where NH 40 divides the Academy land into two. This Academy had provided induction training to 535 ACF/SFS officers in 15 batches. The Academy started training for FROs from the year 2000 and since then 453 Range Officers in 17 batches have passed out from this Academy as on date.

Central Academy for State Forest Service (CASFoS), Coimbatore

Established in 1980, CASFoS, Coimbatore is located in the picturesque Forest Campus at R.S. Puram in the city of Coimbatore, Tamil Nadu. The Academy is situated at a distance of 5 km from the Coimbatore Railway Station and 22 km from Coimbatore International Airport. The Academy shares the space of the exquisite Forest Campus alongwith two more premier forestry institutions viz., Tamil Nadu Forest Academy (TNFA) and Institute of Forest Genetics and Tree Breeding (IFGTB) one of the leading research institutes under Indian Council of Forest Research and Education. This campus also houses the famous 'Gass Museum'. Salim Ali Centre for Ornithology

CASFOS, Burnihat

CASFOS, Coimbatore

and National History (SACON) is another neighboring institution situated at a distance of 25 kms.

The Academy imparts professional Induction training to newly recruited State Forest Officers (ACF) and Forest Range Officers (FRO) from various states, and offers in-service training to the State Forest Service Officers of DCF, ACF, FRO and Deputy FRO ranks.

Central Academy for State Forest Service (CASFoS), Dehradun

Established in 1981, the CASFoS, Dehradun is located in the beautiful New Forest Campus in Dehradun which is also the cradle of Forestry Education and Training in India. CASFOS has the privilege of having in its neighbourhood other premier institutions like Indira Gandhi National Forest Academy (IGNFA), Indian Council for Forestry Research and Education (ICFRE), Forest Research Institute (FRI), FRI University, Forest Survey of India (FSI) and Wildlife Institute of India (WII) which enhance the

CASFOS, Dehradun

learning environment for the Officer Trainees with increased opportunities for interaction with serving IFS officers, Probationers from IGNFA, Scientists and Researchers from ICFRE and FRI.

Central Academy of Forest Education (CAFE), Kurseong

Established in 1974, the CAFE is the only forest training institution under Government of India exclusively to train Forest Range Officers, the Academy is housed in a huge colonial period building and situated on picturesque Saint Mary's Hill in Kurseong sub-division of Darjeeling district, West Bengal. The College building has three storey with basement and attic. The floor area of the building is 60,198 sq feet. The building has 121 rooms which houses office, Principal's and Faculty chambers, Classrooms, Conference room, Engineering hall, Library, Hostel, mess, Kitchen, Bathrooms etc. The land area of the institute is 30.57 acres, in which two nos. type-IV quarters, two nos. type – III quarters, one glass house, one football ground, one basketball court, one tennis court are also present besides the main College building.

Tamil Nadu Forest Academy, Coimbatore

Tamil Nadu Forest Academy was started by the then Government of Madras Presidency as the Madras Forest College in the year 1912. F.A. Lodge, who was the Conservator of Forests in Coimbatore, was responsible for the establishment of this college at Coimbatore. It was the second Forest Rangers College to be established in India, after Dehradun. It was set upto meet the rising demand for trained Foresters in the country, especially those from the South India. F.L.C. Cowley Brown was its first Principal.

TNFA, Coimbatore

The College functioned from the municipal hospital building initially. An extent of 165 acres of land in the present R.S. Puram was acquired for constructing a new building for the college. The foundation of the new college building was laid by His Excellency Lord Pentland, then Governor of Madras, on 9th April, 1913. His Excellency was kind enough to inaugurate the majestic building subsequently on 14th October, 1915. The college building with its superior quality red-brick finish, represents an elegant Indo-saracenic architecture and is a prominent land mark in Coimbatore city.

Today it is reckoned as one of the premier institutions of the country conducting in-service or induction training for Forest Personnel from Forest Watchers to IFS officers. Over the last 14 years of its existence, the Academy has moulded and equipped many batches of forest officials with professional knowledge and skills required for them to discharge their duties as professional foresters. Many forest officials have spent their formative years after induction at this Academy.

Since inception, this institution has trained about 5211 Rangers, 1362 Foresters, 54 ACFs and more than 1000 Forest officers and staffs under regular induction and in-service trainings as well as under various theme-based trainings.

Telangana State Forest Academy, Hyderabad

The training institution was done during the year 1926 at Nizamabad with objective to train Forest Guards. Subsequently, it was shifted to Mahabubabad during the year 1928. It was upgraded with capacity to train Foresters during the year 1930. The training centre was again shifted to Yellendu during the year 1949 by developing the infrastructure and it was started catering to the training needs of Andhra region also.

However, during the year 1987 a State Institute of Forestry Training (SIFT) was established at Dulapally with

TSFA, Hyderabad

an objective to give training to the field staff to enhance the skills commensurate with the changing technology and methods. It was renamed as AP Forest Academy during the year 2001 and the Foresters' training was shifted from Forest School Yellendu.

The AP Forest Academy has been catering to the training needs of both newly recruited (induction) and in service staff (refresher) of forest department. The Forest Guards (FG) training was also shifted to APFA during the year 2006 with a view to provide better training facilities and academic inputs through renowned resource persons. During the year 2014, after bifurcation of erstwhile Andhra Pradesh state, and formation of Telangana state, the Academy is renamed as Telangana State Forest Academy (TSFA).

Uttarakhand Forestry Training Academy, Haldwani (Uttarakhand)

Uttarakhand Forest Training Academy (UFTA) was established in 1978 as a part of Uttarakhand Forest Department. It is one of the premier Institutions under Uttarakhand Forest Department, with a distinction of imparting wide array of training to wide spectrum of candidates. It was established in 1978 as a part of Uttar Pradesh Forest Department.

Since its inception, UFTA has accomplished milestones of enormous magnitude and is ranked amongst the

UFTA, Haldwani

General Refresher Course

The General Refresher Course is designed in a way to refresh the professional skills of the in-service officers and also to help them keep abreast of the sector at all levels, including regional, national and international issue e.g. Protected Area management, bio-diversity conservation, global warming etc. in forestry and related disciplines. This one week course is generally recommended for promoted officers of SFS/FRO cadres.

Legal Issues in Forestry and Wildlife

The ever increasing population is bringing pressure on space and resources of mega-cities. The smaller towns have also started feeling the pinch. The forest, its resources and wildlife are no exception to this phenomenon. Often, violation of various provisions of Acts, Rules and Regulations governing forest, protected areas, wildlife, etc. are seen and they are showing an increasing trend. Apart from prevention and early detection of various forest and wildlife offences, it is also imperative to achieve the maximum penalty on the offenders. Ultimately, effective prosecution of offenses in present and as in the past, is the biggest deterrent for future offenders. This scenario is throwing open a challenge before the personnel manning the forests and wildlife to upgrade and update their legal knowledge and acumen. These aspects including knowledge, skills and right interpretation of extant Acts, Rules and Procedures have been kept in view while preparing this course.

Training of Trainers

There is an ever-emerging challenge of capacity building of the trainers who join the State Forest Training

Institutes from organization postings. It is proposed to respond to this need of Training of Trainers with a systematic approach to training which has been spearheaded by the Department of Personnel and Training of the Government of India, for more than two decades now.

The success of training depends upon identification of training needs to make it demand-driven, scientifically design suitable demands of change, deliver effectively with learner centered approach and monitor/ evaluate for further value addition. In addition mentoring and facilitation has become an integral part of functioning. All these aspects and latest trends in training have been kept in view while preparing this course.

Human Resource Management

For achieving effective management of the forest resources one of the important issues to be analyzed is existing human resource capabilities and how to build upon them. The performance in Forest Departments of the States depends on the collective contributions of all the officers/officials. The approach for capacity building of the forestry personnel for protection, conservation and sustainable management of forest resources, using appropriate technology at the same time developing an attitude of working with the stakeholders, is required to be institutionalized. It involves judicious use of authority and keeping the workforce motivated for the effective management of resources.

Wildlife Management

The ever increasing human population is mounting pressure on natural resources including forest and wildlife

since long. It is of paramount importance to conserve and sustain the wildlife for the existence of mankind. Though it is very difficult to envisage co-existence of man and animal in present socio-economic human controlled environment, but the exclusive domain of wildlife can be maintained in these natural ecosystems.

Community Forestry and Joint Forest Management

The importance of the social dimension of forestry in today's world need not be overtly emphasized. With human population exploding across the globe, the

pressure on forests for meeting the needs of fuel wood, fodder, timber has proportionately expanded. The stresses on natural ecosystems due to anthropogenic pressure have assumed dimensions of war not struggle for survival for the natural ecosystems and its myriad inhabitants. A recognition of the human dimension of forestry led to the implementation of Social and community forestry programmes in the 1970s and 1980s. A further recognition of the people's rights on forests and their role in forestry came in the form of Joint Forest Management (JFM) resolution in 1991.

Training of Frontline Staff at SFTIs

The Government of India supplements the efforts of State Governments for capacity building of the Frontline

Forest Staff (Deputy Rangers / Foresters / Forest Guards) by providing funds to organize short-term training courses of one week duration each, for a group of 25-30 participants of the concerned State Forest Department where the course is organized. The State Forest Department provides the infrastructure facilities (e.g. lecture hall, hostel accommodation etc.) and the resource persons to organize these courses. The total duration of the course should be for 6 days (4 sessions / day), out of which 1 day may be devoted to field tours/excursions exercise. A total of ₹ 38,85,000/- was provided as assistance to various States for conduct of 37 courses benefitting 870 Frontline Staff of 12 States.

Wildlife Management and Conservation (09.04.2018 to 13.04.2018)

Swachhta Abhiyan observed during 2018-2019

DFE, Dehradun

Swachhta Abhiyan were observed time to time in Office premises, nearby roads and garden with focus on plastic based waste had resulted in making the Institute Campus Plastic Free Zone. The DFE has followed the guidelines of Government with respect to Cleanliness drive. The use of plastic materials has been minimized in the Office.

CASFoS, Burnihat

Swachhta Abhiyan were undertaken in academy premises engaging faculty members, officer trainees and staffs on September 15, 2018 to October 02, 2018.

Swachhta Abhiyan at DFE, Dehradun

Swachhta Abhiyan at CASFoS, Burnihat

CASFOS, Coimbatore

Swachch Bharat Abhiyan was observed on 2nd October, 2018 and the Office premises, hostel premises and the campus have been cleaned voluntarily by the Trainees, Officers and Staff. The Academy has followed the guidelines of Government with respect to Cleanliness Drive. The faculty, staff and officer trainees are participating every week to clean the forest campus and also they are keeping the office premises, hostel premises and residential quarters clean and free from non-degradable plastic wastes. The organic domestic wastes are being used for preparation of organic manure in traditional pits. The plastic wastes are handed over to Coimbatore Municipal Corporation for recycling/proper disposal. The tree planting has also been done in the

available space through *Shramadan* periodically during 2018-19. The use of plastic materials has been minimized in the Academy.

Swachhta Abhiyan at CASFoS, Coimbatore

CASFoS, Dehradun

The Academy has identified and adopted a multipronged strategy to achieve its vision of transforming itself into a carbon neutral campus. Salient features of this strategy are as below:-

- Reuse of milk packets to grow nursery plants.
- Distribution of plants saplings.
- City farming demos to schools, colleges and visiting foresters and other forestry classes to demonstrate *in-situ* disposal of biodegradable waste.
- Conducting workshop on bio-diversity, forestry conservation and management for Officer Trainees.
- Officers Club of this academy to organize painting, drawing and poster competitions focusing on beating plastic pollution.
- Cloth bags will be distributed to the residents and plastic bags use will be discouraged.
- Seminar on plastic pollution, vertical garden etc.
- Short films will be shown to the OTs, staff and residents of the CASFoS campus.
- Involvement of Officer Trainees, staff and their families to ensure pollution free Himalayan rivers.
- This academy has already banned use of plastic items in day to day activities in training and in mess also.
- A pledge will be taken to refuse, reuse, recycle and reduce the use of plastic in day to day life.

I. Clean and efficient energy use practices:-

- a) Phasing out of CFL and replacing by LED lighting in phased manner.
- b) Use of parabolic solar cooker in the officers mess to reduce LPG consumption.
- c) Initiated steps for switching to solar energy to meet 100% energy requirement of the academy in the near future.

II. Managing organic waste:-

Field Forester Journal

The Field Forester is an educational Journal launched by the Directorate of Forest Education, Dehradun seeking to inculcate reading and writing habits amongst officer trainees as well as serving foresters of state forest departments through a new popular educational Journal named “Field Forester”. Success / failure stories as a bridge between young and senior forests are being documented. The trainees of the Central Academies and State Forest Training institutes are targeted to satisfy the mandate of the initiative initially and would be broadened to include field foresters as well as the general public later on.

FIELD FORESTER

Voices from the Field

CONTRIBUTIONS INVITED

The Field Forester invites articles from serving as well as retired forest officers and others working in the forestry sector. The Field Forester offers a unique platform for forestry professionals to share their work and experiences. The article should be interesting and entertaining to read and should be written in a lively and concise style.

EVALUATION AND REVIEW SYSTEM

There will be two layers of review of the contributions; Faculty and the Directorate review. Evaluation and review at the faculty level in the training institutes/academies will be undertaken under the guidance of Director/Principal/Head of the institutions. Even very specialized and technical topics shall be presented in simplified format so that frontline staff and forest community are able to appreciate and understand the topics. Articles shall be written in a popular style, easily understandable and in simple English.

However depending on the response to this programme, arrangements can be made for translation of the magazine into the vernacular. A short note about the contributor and the reviewer shall accompany the article. The note shall contain name, age, postal and e-mail address, course, academic accomplishments, and important assignments held. The evaluation would be done on following criteria:

- a. Style:** The article should be interesting and informative. The introduction should draw the reader in and convince them that the remainder is worth reading. The remaining should be written in a lively and concise style, and should leave the reader convinced of the importance of the topic.
- b. Structure:** The article should be within 1000 words, and formatted in 1.5 line spacing in Times New Roman 12 point font.
- c. Organization:**
 - Instead of an abstract the article will give information on the location, the period when the field work was carried out.
 - Integration - the article organized in a coherent form and all ideas are clearly leading to a single main argument.

The review at the Directorate level will be done through an editorial board constituted by the DFE, which will be responsible for the content, design and review of the journal articles. The editorial board shall consist of expert/experts constituted by DFE and reconstituted every year, which would screen contributions and recommend their publication. Articles previously published elsewhere, or simultaneously sent for publication elsewhere, may be accepted with modifications. Article submitted shall carry a declaration that the article is original. The Editor would reserve the right to reject articles without assigning any reason and articles not found suitable will be sent back.
